<b>Message</b>	I worked for the New York City Board of Education beginning 1985-1990. I was a Substitute Teacher from 1985-1988. From 1988-1990 I was a regular in the retirement system. I self resigned and relocated in 1990. I am a part of the FICA/DOC situation that I just found out about today. I am requesting a claim authorization form. I want to apply for a refund for the time I paid taxes or have those wages added to my Social Security Statement. I am preparing to retire. Thanks Jacquelyn B. N'Jai

## FICA Refund Claim

FICA refunds are available for City employees affected by the *Doctors Council v. NYCERS* decision and those who have filed Worker's Compensation claims.

### ***Doctors Council v. NYCERS***

This information applies only to FICA refund claims made as a result of the May 31, 1988 New York State Court decision in *Doctors Council v. NYCERS*. It affects only part-time employees of the City of New York, the Department of Education and the Board of Higher Education who paid FICA taxes while being precluded from pension membership during the period from January 1, 1986 through June 30, 1991. Each tax year constitutes a distinct claim that includes the affected employees.

The IRS has approved claims for years 1987 through 1991. The vast majority of refunds for those years have now been distributed to the claimants. The last of the refunds for those years were distributed in September, 2002.

The City of New York is continuing to distribute 1986 refund checks to employees whose 1986 refunds were included in the City's refund claim to the Social Security Administration as of November 25, 1996. Eligible employees must return their verification forms before checks can be mailed to them.

Under applicable federal regulations, refunds for 1986 do not include interest; refunds for 1987 through 1991 included interest.

### **Inquiries Regarding *Doctors Council v. NYCERS* Claims**
